Good day boys and girls.
I'm your teacher, Ms. Phox. Magic is
about a new way of seeing things.
I can promise if you do well
in my class,
you will see the world's hidden
beauty. Let me give you a
taste...

A passing grade
gives you a peek at the unseen,
but teases more.

You want more.

A 'B' is an even greater gift to the gaze. Good students will do anything I ask them. Good students complete their assignments.

I make sure to reward my
'A' students,
giving them their true desire; me.
One wonders, am I actually
topless in front of
you, or am I just showing you what you
want to see?
